The game features the original story "The Elden Ring" written by the legendary writer and director Junji Ito that fans of classic J-RPGs and the Japanese Anime world are familiar with. The story centers on the Sword, whose blade contains the power of the Elden Ring. Even a blade that cannot harm anyone can be used as a weapon. In the game, the sword wielder, who wields the Sword, travels to another world called the Lands Between and stands up to the monsters that inhabit this world. The Land Between is the world that is in the location between the other world (Our World) and the Elden Ring. In this other world, monsters called the Elder Race exist. The sword wielder can cut a path through the Lands Between, becoming stronger, and using "Elden Rings" that can temporarily level up the sword wielder and restore their life energy, called "Shin", using "Elder Skills". Each of the Elder Races has its own purposes, and their existence plays an important part in what will happen to you and your companions. While you fight with the Elder Race, you will have a chance to collect power-up items that have been dropped by the enemies. at Goblins vs. Gnomes developer interviews game director Steve Ouimette

Tarnished Frontier launched yesterday on the App Store, but the process of development wasn't a simple one. The game has taken over eight months to bring to market. Steve Ouimette talks about the trio of Goblins vs. Gnomes here and reveals how he uses game jams to be more efficient at developing.

It's hard being a game developer: you feel as if there's limited time to do everything, and no clear paths forward to a well-designed product. Even when there is, it's daunting to try and coordinate the work of a team of people to get

1. Unrar. 2. Burn or mount the image. 3. Install the game. 4. Copy over the cracked content. 5. Play the game. 6. Support the software developers. REMOVE CRASH AND GAMEBUGS Bethesda Software provides us with a release that is free from bugs and crashes, but since sometimes the game can be unstable without intention, we decided to make some changes to this version. The map of Legends of Tarnith was divided into 2 parts, the first part was released in version 0.5.0 and contains the questlines of the game, the second part will come out in version 0.6.0 and will allow you to venture into the Elden Dungeons to level up. As an extra, the level-up process in Legends of Tarnith will be a lot faster than in the version 0.5.0. Bethesda Team has also been working hard to make legends of tarnith has more content with the upcoming updates. A new area is being released every month, and even the Bosses have been rebalanced and updated with a new level. Bethesda Team also provide a comprehensive toolkit to access to the game and build your character from scratch. We hope to get the feedback of our players, and if there is anything that needs improvement, our team is listening. For more information, check the News section. UPDATE We are currently doing some improvements and modifications to make Legends of Tarnith the definitive version. We are currently working on 0.7.0 which will bring a few changes: • A bigger area: 4 areas will be added, 2 new bosses with a level change • More classes: Two more classes will be available to choose from • User-friendly commands: We have added a comprehensive tutorial mode in order to make players easier to understand the command, and the tutorial will be available at all times to players who doesn't have any playing experience. • Improved dungeons: A variety of new dungeons will be added with a special "Fight Against The Darkness", and new stats such as experience points and gold • Improved graphics: We have created a new weather system and "The Different Seasons" (Months) making the world of Tarnith more beautiful and varied • Improved crafting: More crafting recipes have been added to the
